

Nexus 2012 project announcement

As a preparation to the global meditation events on sacred sites , the rainbow warriors of **Nexus 2012** are planning a series of **global synchronized meditation** events from home.

We are starting on **Sunday Feb 8 2009 (5 PM Greenwich mean Time)**

Everyone who wants to join the first run or try of tuning into **meditative etheric ONENESS**, has to start with the meditation according to the Time Zone of his/her location.

For a **time table** guidance check **nexus 2012 website** here (bottom of the page)

This will be done on the same basis as the 8th of february first meditation according to the Time Zone of everyone's location.

The special music chosen to go along with it will be downloadable for free on the Nexus web site:
