# THE WEB OF CONNECTION BETWEEN THE SEEN AND THE UNSEEN

"There is a web of connections between visible events and visible measurable phenomena that we cannot see cannot measure--so our response has been to ignore this web in favor of what we can see and measure. The blind leading the blind. The drunk looking for his keys under a lamp post because the light is better there."--Peter Levenda Sinister Forces

# Don Bennett: "Rocket Scientist"

- ..."A good UFO investigator needs to develop the ability to see things from the other's point of view. Instead of setting up radio receivers with the assumption that all space communications must be via radio because that's the way we do it, why not study the cases of UFO encounters and learn how the UFO aliens communicate? If they communicate by some other means and always ignore radio, we can stop wasting our time and tap in to their means of communication. Then maybe they will pay attention, just as you would pay attention if the rats in your maze stood up and begun to speak English!"

# A Definition of Orgone

According to Charles R. Kelley, Ph.D., one of the leading members of the Reichian 'movement':

- Defines orgone as synonymous with libido, creative energy of the universe:
- It is the medium for electromagnetic and gravitational phenomena.
- Matter is created from it... matter arises from mass-free orgone energy.
- It is responsible for life. Orgone energy is the life energy, and as such is responsible for the special characteristics which differentiate living from non-living.
- Orgone = Kundalini (Eastern name for it)

(the above definition is taken from the article "What is Orgone Energy?" located at:

<http://www.orgone.org/articles/ax9kelley1a.htm>

# George Merkl

.. "George Merkl knew of Orgone Energy and Reich. He knew of the works of Tesla and of the UFO researches of the Germans in WW2.

George discovered what the Orgone wave is and the Life Wave.."—

From Steve Mills' website:

- <http://www.nuenergy.org/iw/2002/mills/mills.htm>
- Primary discovery: **SCROLL WAVES**. These waves are extremely small and can be likened to Aether or Zero-Point-Energy moving in continuous spiraling patterns.

# Schwarzschild wormhole

Scientists are working on particle accelerators that are capable of opening up wormholes in space which could allow for time travel.

The ancient Sumerian Meru symbol - indicative of a stargate/opening or wormhole into other dimensions...

# Orgone = Kundalini Energy

Wilhelm Reich's orgone energy (kundalini) is capable of powering UFOs and creating stargates for dimensional travel.

# Time Travel via Wormholes

The electromagnetic pulse set up at Montauk according to Al Bielek created a stargate using the 'orgone' energy (sexual = kundalini) of kids and teenagers.

This realization was discovered and capitalized upon by the secret government in pursuit of time travel and opening stargates/wormholes into other dimensions...as referenced in the Montauk Project writings.

# Ships As Living Entities

Dolores Cannon's interviews:

- Channeled communications reveal that various entities say that their ships are biological or living entities (like themselves).

- Communicators say that the ET's power the ships by linking up with them mentally...
- A sophisticated projection of their orgone energy?
- Our own military is doing experiments with mind/machine dynamics...pilots are being taught to mentally fly planes.

# Mind/Machine Connection

- We are developing wheel chairs that can be manipulated via computer by their users
- Above Black ..book about humans being trained by the military to communicate via computers with ET's -according to Dan Sherman. He eventually made contact mind to mind with an ET.

# BIO-MACHINES

- They Fly --- mind INTERLOCKING WITH bio-machines
- We Fly --- mind INTERLOCKING WITH machines
- Eventually our computers will be all be BIO-MACHINES

# Scalar Magnetism and UFO Shoot-downs

- Kundalini or orgone is the focal point for mind control and scalar weaponry when aimed at the populace.
- This same energy matrix may be targeted by our scalar weaponry when attempting to shoot down vehicles of any so-called off world 'enemies'.
  - Orgone Energy and weather manipulation and Trevor James Constable (book The Cosmic Pulse of Life).

# Mind Influences Matter

- Masaru Emoto's pioneering research on how our mind/emotions influence water crystals:
- Love/thanks
- Hate/sickness

Facts about kundalini?

Those you can get online -- in books etc.

I am here to testify to the power of ***Kundalini to transform the human biomind.***

# A Long Line of Gurus...

- Gopi Krishna, is one in a long line of gurus and saints who achieved partial or full enlightenment. Others are: Buddha, Christ, Mohammed, Moses, Lao Tzu, Gurdjieff and many others. Some are known to history and many are not. As Alan Watts said, "Cloud hidden, whereabouts unknown."
- According to Gopi Krishna .."there is a biological mechanism in the human body, known from ancient times in India as Kundalini, which is responsible for creativity, genius, psychic abilities, religious and mystical experiences, as well as some types of aberrant mental states. He asserted that ignorance of the workings of this evolutionary mechanism was the main reason for the present dangerous state of world." (taken from his website) 19

# A definition of Enlightenment

**Enlightenment:** Wisdom, the understanding of the true nature of reality, and compassion for others; the final release of the soul from the cycle of rebirth. Also known as *Nirvana*.

# Why isn't Kundalini common knowledge?

Because it is the primary key to unlocking the secret of transformation of the human, kept hidden by a long occult tradition of yogis, mystics by intention...

And in the West  
by the Illuminati

who have chosen to keep the 'keys to the kingdom' out of reach of most of the world..

Science and scientists, doctors and Western medicine have all but ignored it completely as if it were some imaginary condition dreamt up by eastern yogis..

# Occult Knowledge

Hidden occult knowledge was hidden for a reason. It was/is that way so that the aspirant or neophyte had to grow and develop (prepare) in order to win the prize of truth.

But these are accelerated times and this process is speeding up. Esoteric knowledge is becoming more accessible because it is needed NOW.

# Altering your own DNA

Kundalini will allow us as a species to alter our own DNA and outfit us for survival and ascension in the coming dimensional shift and earth changes.

# RAISING THE KUNDALINI

- Kundalini is real. When active, it moves like a river of light from a coiled position at the base of your spine up through the 7 chakras and above...
- *You will feel it* as a physical sensation as real as any other
- Burns through impurities and removes blockages from your system
- Purifies and refines the coarse physical body until it glows and your light body becomes fully formed

# SUPERPOWERS

- Healing
- Psychic abilities
- Etheric sight
- Increased intelligence (use of your brain)
- Expanded awareness
- Enhanced sexuality
- Increased personal magnetism
- Bliss/Nirvana -- conscious connection with the Source or One
- Increased stamina
- Longevity
- And more including Siddhis 'supernatural powers' spoken of in the Upanishads

Those with Kundalini awakened and risen,  
act as **CATALYSTS**:  
they raise the vibrations wherever they  
go and with whoever they touch...  
increasing the connections, focus and  
elevating the magnetism

**KUNDALINI = LIGHT  
ENERGY FLOW  
POWER = self-mastery**

## I have done it..

- At the age of 21, I had a 'God' or Oneness experience
- .. A few years later, I chose to meditate daily and consciously joined the chakras after years of studying Eastern and Western philosophy, occult literature (spiritual questing)
- This experience is ongoing and always growing

# Kundalini and Symbolism

- Crowns of Kings and Queens = symbolize the crown chakra is open indicating a person of 'awakened kundalini' = an enlightened one capable of LEADING...unfortunately few if any 'kings and queens' ever achieved this.

# HIDDEN IN PLAIN SIGHT

- Learn How To Read The Symbols In Your World
- They Are Everywhere
- The Halos of Angels and Saints..
- Wings = flight = ascension = travel  
= going back to Unity with God  
All travel is an illusion when  
time/space are One  
All is One, All is God
- Everywhere you go there you are

# Jesus as serpent god...(Egyptian base relief)

- Why does King Tut's burial mask show the serpent coming out of the forehead?
- This tells us he was a fully enlightened being..
- Or they thought he was.

# KUNDALINI as Symbolized in Egyptian Art

- The heron watches over this Ark - the two-headed serpent-ship -- with its "Stairway to Heaven".
- The two headed serpent is the Kundalini..the snake..and the "ark" that will transport YOU to the next world..next dimension etc.

# Kundalini ship from Book of the Dead

Egyptian image from the Book of the Dead. Portrays the serpent ship riding on another serpent - See the eyes..third eye chakra..and the ascension---

Journey into the nether world..via the kundalini energy

# Quetzalcoatl: Plumed Serpent

Why is the Meso-American serpent god 'plumed'?

It is symbolizing flight of the serpent = kundalini = power to ascend

Teotihuacán, the City of the Gods. Its two gigantic pyramid temples, dating from about the time of Christ...Toltec and later, Aztec god Quetzlcoatl.

# Serpent giving birth to man

# Serpent giving birth to man

# Alien Encounter: Serpent in Tetrahedron

..“The symbol on Qualar’s uniform in the 1993 Tikaboo Valley incident looked like the helix serpent coiled around either a sphere or like the Cosmic Egg.”--from Bill Hamilton’s book Alien Magic

Symbol of kundalini?

# The Great Pyramid: Symbol of Ascension

The Egyptians were well aware of Kundalini.

The pyramids are a symbolic representation of ascension from the 3<sup>rd</sup> to the 4<sup>th</sup> to the 5<sup>th</sup> dimensions..

# **KUNDALINI AND ASCENSION**

**Ascension - 2 ways**

**With the physical body & the  
light body**

**OR**

**Shed the physical body (shell)  
and take only the light body**

# A note on Ascension

- This process is ongoing and could happen at any time to any one, regardless whether you believe these changes will culminate in a mass or group transition..
- You as a soul are ultimately seeking enlightenment...
- Activation of Kundalini is the beginning and will take you on the journey to that state of being.

# THE MAYANS SAY

"...by 2012

- we will have gone beyond technology as we know it.
- we will have gone beyond time and money.
- we will have entered the fifth dimension after passing through the fourth dimension
- Planet Earth and the Solar System will come into galactic synchronization with the rest of the Universe.
- Our DNA will be "upgraded" (or reprogrammed) from the centre of our galaxy. (Hunab Ku)
- "Everybody on this planet is mutating. Some are more conscious of it than others. But everyone is doing it" -

Quoted from the 'Extraterrestrial Earth Mission'.

# 2010-12 the dimension shift

- The change is going to be electro-magnetic
- Kundalini will be stimulated to rise in more and more people
- You can visualize the coming changes as waves on the ocean
- Kundalini will be your boat --the energetic ship that will allow you to transform with grace and strength

# Documented Interplanetary Changes

- **Sun:** More activity since 1940 than in previous 1150 years, *combined*
- **Mercury:** Unexpected polar ice discovered, along with a surprisingly strong intrinsic magnetic field ... for a supposedly "dead" planet
- **Venus:** 2500% increase in auroral brightness, and substantive global atmospheric changes in less than 30 years
- **Earth:** Substantial and obvious world-wide weather and geophysical changes
- **Mars:** "Global Warming," huge storms, disappearance of polar icecaps
- **Jupiter:** Over 200% increase in brightness of surrounding plasma clouds
- **Saturn:** Major *decrease* in equatorial jet stream velocities in only ~20 years, accompanied by surprising surge of X-rays from equator
- **Uranus:** "Really big, big changes" in brightness, increased global cloud activity
- **Neptune:** 40% increase in atmospheric brightness
- **Pluto:** 300% increase in atmospheric pressure, even as Pluto recedes *farther* from the Sun
  - "None of these statistics are from "fringe" scientists; they are all very, very real, and what you have just read is only the proverbial "tip of the iceberg."

# STIMULATING THE RISE OF KUNDALINI

- Meditation
- Yoga or other exercise
- Music
- Nature
- Love
- Passion
- Sun
- Sex
- Electromagnetic stimulation --man made or natural (note see the Montauk Project books)
- Touch from another with activated Kundalini
- Certain foods; teas; herbs
- Water
- Crowds of people
- More...

# CAUTIONARY NOTE

- Kundalini is so powerful that consciously raising it or accidental activation to one unprepared and/or unbalanced can lead to madness, violence and even death. Which is another reason why this knowledge has been kept from the masses.
- IT'S what the ET and secret government bioengineering is all about..preparing the vessel.

"To speak of mystery in terms of mystery,  
is that not content?" --Kandinsky

## **YOU ARE THE KNOWER**

Knowing comes from experience and having  
taken that leap beyond faith or belief into the **ABYSS**.

The abyss as Castaneda and all great  
Eastern teachers will tell you is where you  
must go on your journey to arrive at **KNOWING**.

**WITHOUT THAT LEAP** you will never get there.

# JOURNEY OF CHOICE

Go..at your own pace. We will all get there (and beyond) in time..

It's Your JOURNEY..You chose it..so cherish it.

# Magick - the Practice

- ALL MATTER IS CONSCIOUS (AND PART OF THE DIVINE).
- To move matter you have only to project your consciousness into it with clear intention.
- This is Magick (we are all magicians).
- We are all shamans. Only some of us don't practice. Practicing shamans straddle two worlds, the seen and the unseen to bring back healing and truth to their people.

# The Heart is the Organ of Wisdom

- To see? Well the question comes HOW DEEP.
- Go to the essence.
- Seeing with the Heart is a skill and it grows in power along with the stimulation of Kundalini energy.
- In time, the human eye, becomes capable of seeing ETHERICALLY...where this dimension around us loses it's solid quality...it becomes more fluid.
- Thought must pass through the heart in order to come to truth.

# Love: Kundalini practice

Love, in all its manifestations, is directly tied to activating the kundalini (fire - shakti energy). Romantic love has the affect of stimulating the chakras simultaneously..increasing the chances for the sleeping snake to rise, cleanse and purify and lead to enlightenment.

You can think of love..as the exercise that gives you the experience you need to develop the self-mastery necessary to maintain balance once the kundalini rises.

# TWIN FLAMES

- There is a correspondence in appearance.
- An uncommon bond
- A balance
- The time of co-creativity is now..  
and is symbolized by the SUN card in the tarot  
The sun = wholeness =  
two in one
